TINTENPATRONEN INKJET CARTRIDGES

In Sachen Qualität und Leistungen wollen wir keine Kompromisse eingehen. Egal ob wiederverwertete Tintenpatrone oder clevere Neuentwicklung, das Ziel für unsere Produkte ist immer gleich: 100 Prozent kompatibel und so gut wie das Original – zu einem attraktiven Preis.

VORTEILE | ADVANTAGES

> QUALITÄT AUF HÖCHSTEM NIVEAU

Das Original ist unser Maßstab. Daher werden für nahezu jeden neuen Patronentyp die einzelnen Farben in den KMP-Labors neu entwickelt. Für die Auswahl der Rohstoffe gibt es strenge Qualitätsmaßstäbe.

> MADE IN EUROPE: FLEXIBLE FERTIGUNG

Unsere Ansprüche an die Qualität und die Verfügbarkeit der KMP-Produkte sind enorm. Wir produzieren ausschließlich in Europa und unser Werk in Tschechien ist mit einer der modernsten Tintenabfüllstraßen ausgestattet. So können wir kurzfristig auf die Nachfrage im Markt reagieren.

> TESTURTEILE: VIELFACH AUSGEZEICHNET

Unsere Tinten-Produkte brauchen den Vergleich nicht zu scheuen. Unabhängige Institute und Magazine bestätigen immer wieder das überzeugende Druckergebnis und das exzellente Preis-/Leistungsverhältnis.

> XXL: VIELE SEITEN, KLEINER PREIS

Mehr Leistung muss nicht unbedingt teurer sein. Dank intensiver Forschung und Entwicklung können wir Seitenleistungen ermöglichen, die das Original so nicht bietet. Das Ergebnis: XXL-Tintenprodukte mit bis zu 6-mal mehr Reichweite – bei gleicher Qualität.

> ISO/IEC 24711: LEISTUNG TRANSPARENT GEMACHT

Die Vergleichbarkeit zum Original ist uns besonders wichtig. Für alle Standardfarben (Schwarz, Cyan, Magenta und Gelb) werden die Reichweiten nach ISO/IEC 24711 ermittelt. Unsere Produkte bieten mindestens die Reichweiten des Originals oder liegen sogar darüber.

> DIN 33871-1: QUALITÄT UND FUNKTION GARANTIERT

Wir gewährleisten gleichbleibend hohe Druckqualität und fehlerfreie Funktionalität. KMP-Produktionstandards erfüllen die DIN 33871-1. Eine Vergleichbarkeit der Angebote in Qualität und Leistung ist damit sichergestellt.

> 36 MONATE GARANTIE: QUALITÄT MIT SICHERHEIT

Unser Ziel ist es, dass Sie sich mit gutem Gewissen für KMP entscheiden können. Bei Fragen stehen wir Ihnen mit Rat und Tat zur Seite und eventuelle Reklamationen regeln wir völlig unkompliziert. Auf das gesamte Tinten-Sortiment gewähren wir Ihnen 36 Monate KMP-Qualitätsgarantie.

In matters of quality and performance, we are uncompromising. Whether relating to a recycled inkjet cartridge or a clever innovation, the aim we have for our products does not change: 100 percent compatible and as good as the original – at an attractive price.

> SUPREME QUALITY

The original is our reference. This is why the individual colours for practically every new cartridge type are developed afresh in the KMP laboratories. Strict quality standards apply when we select raw materials.

> MADE IN EUROPE: FLEXIBLE MANUFACTURING

Our requirements relating to the quality and availability of KMP products are exceedingly stringent. We manufacture only in Europe and our plant in the Czech Republic is equipped with one of the most modern ink filling lines. This enables us to respond to market demand very rapidly.

> TEST EVALUATIONS: MULTIPLE AWARDS

Our inkjet products will stand up to any comparison. Time and time again, independent institutes and magazines confirm their impressive print result and excellent price-performance ratio (see following pages).

> XXL: MANY PAGES, LOW PRICE

Better performance does not necessarily have to be more expensive. Based on intensive research and development, we can achieve page performances beyond the reach of the original. The result: XXL inkjet products with more than 6 times greater range – with the same quality.

> ISO/IEC 24711: PERFORMANCE MADE TRANSPARENT

Comparability with the original is particularly important to us. Ranges for all standard colours (black, cyan, magenta and yellow) are determined according to ISO/IEC 24711. Our products offer the same ranges as the original, and in some cases even exceed them.

> DIN 33871-1: QUALITY AND FUNCTION GUARANTEED

We guarantee consistently high print quality and flawless functionality. KMP production standards conform to DIN 33871-1. Accordingly, comparability with other offerings in terms of quality and performance is assured.

> 36 MONTHS' WARRANTY: QUALITY WITH PEACE OF MIND

Our objective is that you should be able to decide for KMP without concerns of any kind. If you have questions, we will assist you in word and deed, and any complaints will be handled as simply as possible. We offer you the KMP guarantee of quality for 36 months on our entire inkjet product line.
